Alumni President Kerr Urges United Action on Project Effort

"Only by united effort and faithful cooperation can we expect to reach our goal this year, but with your help it can be done." So declared Alumni President William Kerr ('39), director of Bible and Theology department at Providence Bible Institute in Rhode Island.

The academic department is justifiably being enlarged and developed; the spiritual life of the school is constantly being guarded and nurtured; so also the athletic program is being strengthened with intramural sports and intercollegiate track. Obviously the athletic leaders face many difficulties and inconveniences in having to borrow baseball and football fields which are a mile or more away from Bryan Hill.

There is a need! The students are encouraged greatly by the action of the alumni. So----it's up to us! Forward, march! (to the mailbox with your gift.)

"It is interesting to note that there are now 26 alumni in Dallas, 10 of whom are enrolled in Dallas Theological Seminary."
Milton Murphey  
(144), Israel.

"We expect to sail about October 18 on the SS EXPEDITOR OF THE American Export Lines.

"We expect to be sailing for about three weeks before we arrive at Haifa. From there we will probably go to Jerusalem for a few days, and then to Nazareth. Our address in Nazareth will be P.O. Box 34, Nazareth, Israel."

Jane (Sutton '49) and Ed Lieb ('48) plan to leave Brazil for the States by the middle of December. Their home address will be 526 Jefferson Street, Evans City, Pa.

George Birch ('48) and Alice (Northrup '45) Birch, Nigeria, British West Africa.

"We're surely kept busy lately, with an average daily dispensary attendance around 100 - 150 one day, 159 another, etc. And when there are that many people, there is so much confusion that the main purpose, of giving the gospel, seems defeated. We're hoping for slightly lower numbers, for that reason.

"We recently received the '52 alumni directory."

Jack Lacey ('52) Baltimore, Maryland.

"After much prayer and exercise I believe that it is His time and plan for me to go to the mission field. I have been commended to this work by the Loch Hill Assembly in Baltimore, Maryland, Lord willing I will sail next March to Belgium where I will study French and take the Colonial course and then as soon as possible go on to Usumbura in the Belgian Congo. Till March I am spending my time visiting the Lord's people throughout the country and letting them know of the work and my interest in it. I trust that the Lord will enable me to visit Bryan sometime before I sail."

EVELYN AND BOB YUNKER

Robert ('52) and Evelyn Yunker, Chicago, Ill.

"This summer was spent in two definite areas. The first, after graduation from W. J. B.U., was spent in Chicago at a school for missionary candidates for the Evangelical Alliance Mission for three weeks. (Sailing in February 1953)

"The second part of the summer was spent at the Winona Lake Bible Conference grounds in Indiana. We had charge of a missionary radio and equipment store on the grounds.

"At present we are putting our things in order at our home and will begin soon on our deputation work among God's children who share in missionary activity by sending those who go."

In Home Mission Service

Mildred (Kuntz '40) Ryser, Long Beach, Cal.

"In the latter part of November, we want to take a missionary trip across the country, giving out our Gospel bombs throughout many states. Please pray for a safe trip for us. We just ordered 100,000 Gospel tracts, response cards and cellophane, to be distributed on our trip and to be sent to foreign countries.

"Then, we would like an advanced course in the Bible School in Philadelphia for the winter months."

Angie Garber ('47), Cuba, New Mexico.

"Fall is such a difficult time to thrust Bryan memories from the mind...not that it seems like fall here—sand and sagebrush, mesas and mountains, Navajos and heathenism.

"I wish you all could have been with me just now to see us put the children to bed. They had just seen a slide Bible story and then they sang, and how they love to sing. I had my white hand against Tommy's little brown cheek to keep his tired head up as they sang, 'Whiter Than Snow' and thought how the Navajo heart is as dark as his skin. Pray that we may be used to bring them to the Lord."

Laurne Kolderup ('49), Mexico.

"The summer was spent in Oklahoma taking the second-year course at the Summer Institute of Linguistics. For experience under the guidance of teachers we worked on the analysis of the language of an Oklahoma Indian tribe all summer.

"Now I've returned to a former job for the month of September—working in the publications department. The executive committee is scheduled to begin meeting about the 29th of this month, after which I'll know more about my plans for the year."

"My vacation stretched out to three months (because of illness). Many of the people here had begun to think I wasn't returning at all.

"My duties are somewhat curtailed since the doctor has given me some restrictions. Even so, it is wonderful to be in the service of the Lord."

In the Armed Services

"My company is back in reserve and will be here for a few more days. This reserve surely was needed as we have been in the thick of it for two months. The Lord has been oh so very good to me. I have been wounded twice...neither was too serious...Nola is home with her folks now and is fine."

Cpl. William J. Roller ('52), U.S. 52005122 Ward 30, Tokyo Army Hospital, A.P.O. 1052, P.M., San Francisco, Calif. (Nov. 7, 1952)

"You are no doubt noticing my hospital return address! I was hurt about the 21st of Oct. and I came down through channels which included two minor operations on my two wounds, also a ride on a hospital train and from Seoul to Tokyo on a hospital plane. The trip by plane took about 5 1/2 hours! They took some stitches in my arm and in a few days I will be rid of them.

"The Lord surely has blessed and been all he ever promised he would be to his children. I surely do praise his name that he saved me and gave me life eternal and has been my constant help and strength. Especially that he used my message to save 10 souls for himself. Even one soul won would be worth all of this."

"Enclosed is a 'drop in the bucket' to get started on this new project. We hope to have several more before the year is completed."

(Nellie says:) By way of explanation as to why I can't even get to letters—I'm taking Hebrew grammar here at Seminary this year and it really keeps me busy.

What's Your Vote?

Reader writes: "Why couldn't Bryan have a HOMECOMING weekend each fall as do so many other smaller colleges?"

What do you think? ? ?

Address replies to Alumni Office.

Sharon Kauffman Hook ('54), Greenville, S.C.

"Just a note after the long intermission of a year and a half, since I left Bryan to tell you I sure do miss it. So many times I find myself wondering what has happened to my friends, classmates, roommates and Bryan itself. The 'Bryanette' is a big help for that though.

"Bill, my husband, and I are both busy. Bill will complete his schooling in January. He hopes to go on and take more courses for his M. A. I'm working and taking a night class at B.J.U.

What the future holds for us the Lord only knows, we are trusting in Him."
